This is an interesting article. It is not right to own land and someone come and act like they are doing you a favor by crossing your land , taking right of way and restricting your use of your own property. A good friend of our family recently died. He was a wonder person. I really feel bad that he had to be subjected to the stress of this EON company about crossing Mr. Pyles farm. My mother Mrs. Morris is stressed about thinking of this situation. She is a very bright and caring person who should not be subjected to such worry. No one talked to her about this, they may say they did but lieing seems to be common these days by big buisness.

Thank you for your time,

Sincerely,

Herbert W. Morris
